

Ecofin Energy Transition UCITS (EETU)

As of 31 January 2021

Signatory of:
 Principles for Responsible Investment

The fund seeks long-term beneficiaries of the major trends associated with the energy transition. It invests in companies which have secular growth opportunities related to changes in the way energy is produced and consumed. The fund's objective is to maximise risk-adjusted returns by investing in companies focussed on more efficient use of resources and emissions reduction. The portfolio managers have been running this strategy via other investment vehicles since 2009.
